Best solution for animal wellbeing: stress free slaughtering on the spot

Environmentally friendly solution: less transportation, emissions and waste

Ethical high quality meat is the choice of today and future

## Easy modular solution

Kometos Finnmodules modular facilities are standardised and they allow customers to easily expand their plant at a later stage when their needs and production grow. Kometos offers a wide range of solutions from one module entry level solutions (Thomcont) to facilities consisting of up to 30 modules.

## Technical information

Diesel generator 100 Kva (75 kW)

Fresh water tank 4500 l

Waste water tank 4500

CATTLE

30 cattle / day (8 h), live weight 700 kg

Cooling as  $\frac{1}{4}$  -carcasses

EXTERNAL CONNECTIONS

Electricity 400 V, 50 Hz, 250 A

Fresh water DN 32 3 bar, 2"

Waste water DN75
